About thirty people turned out to a mass meeting at the court house last night to consider the matter of holding a street carnival, stock show and trades day. The meeting organized by electing D. H. Fly, Esq. chairman and Mr. Tom Heath, secretary. After considerable discussion of a free and informal nature, it developed that some wished to organize a Fair Association while others thought it best not to attempt to organize for a fair at this time; whereupon a motion to appoint Messrs. Joe Ney, F. A. Brown and D. B. Martin a committee to fix the date for and arrange the details of an initial trades day, stock show and street carnival prevailed. Another motion making this committee permanent, empowering it to arrange for a series of trades days to be held at suitable intervals, and also instructing it to look into the feasibility of holding a fair some time in 1911 was also adopted. The meeting then adjourned. The committee will announce the date of the first trades day in the near future.
Considerable excitement was created here Sunday night by the sudden disappearance from his boarding place of Oscar Schmidt, the 17-year old son of Mr. and Mrs. Geo. E. Schmidt of the lower Hondo. The young man was attending school here, but it seems grew tired of it and decided to take French leave and accordingly disappeared while the family was at church. He was heard of Monday at LaCoste and Mr. Schmidt went on to San Antonio thinking to intercept him but no further trace of him was found until he turned up at home early Wednesday morning. Mr. Schmidt was notified at once and returned from San Antonio Wednesday.
Daniel G. Hardt left Thursday morning for East Bernard to attend the Annual Conference of the German Methodist Episcopal Church South now in session there. Mr. Hardt has been a local preacher for several years but hopes to pass the required examination for admission to the conference at this session. Denominational journals everywhere report a shortage in applicants for admission to the ministry and there is room and opportunity therein for great usefulness on the part of any earnest and consecrated young man. We wish Mr. Hardt success in his chosen calling.

Encouragement can do as much in keeping a friend from failure as financial aid may do later.—Ex.

Bread is the staff of life that man is permitted to lean upon when weary from exertion in procuring it.—Ex.

Blustering does not convey weight of opinion. When statements are refuted noisy contradiction will not convince.—Ex.

The cotton crop is nearly all in. Some will gather a top crop but it will be short. Most of the oats are planted and are already up to a good stand. Rains at the proper time insure a good oat crop. The breaking of land for next year's crop is now in order and the earlier it is done the better.

It is an admirable display of nerve in Hon. Noah Allen to go before the voters of the 15th Congressional district and ask for the votes of the people for the Republican party because that party is the friend of protection when it was the Republican party that put hides on the free-list. If a protective tariff is good for the manufacturer to have on his shoes, boots, harness and other leather goods why is it not good for the cattle man to have on the raw hides? What the people's answer will be will doubtless be a shock to even Hon. Noah's nerve.

THE man who takes pleasure in the downfall of a fellow man has a desperately wicked heart. Such a man is capable of despicable deeds and is dangerous to trust no matter what his pretensions may be. The man whose heart is not moved with compassion at the sight of one who suffers is one after the devil's own. Such a man is one about whom satan does not worry—for he is his own best ally! And yet such men are to be found in every walk of life. Shun such men. The real man, the man worthwhile is the forbearing man, the long suffering man, the man who can forgive! and lend a helping hand!

THE election is only a few days off. The enemies of Democracy are working hard to make a respectable showing, depending upon the schism in the party over the question of Prohibition to cause a considerable defection from the party. It is, therefore, very important that we disappoint these enemies of local self government—the time honored tenet of a Democratic government—by giving the Democratic ticket the largest vote possible on the 8th of November. Hunt up your poll tax receipt and go to the polls November 8th and say by your vote that liberty shall not perish from the land by casting that vote for Hon. O. B. Colquitt and the entire state Democratic ticket.

Cheapness vs. Quality

In the matter of food you can't afford to sacrifice Quality for Cheapness. Economy is right and good but inferior food products are dear at any price.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Forced To Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. It's surely the King of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for Coughs, Colds, La-grippe, Asthma, Croup—all throat and lung troubles. 50c and \$1.00. Trial bottle free at W. H. Windrow's.

Reaching the Top

in any calling of life, demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect action of stomach, liver, kidneys and bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from Kidney Trouble," writes W. M. Sherman, of Cushing, Me., "three bottles of Electric Bitters made me feel like a new man." 50c, at W. H. Windrow's.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM...it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medical Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

The projectors of irrigation dams of the upper Medina were in town Wednesday. We have not learned as to what they propose to do in the matter.

Capt. Emil Schmidt and Frank Keller were in town Wednesday soliciting voluntary donations for the new church to be erected at LaCoste in the near future.

This section was again blessed by a 2 inch slow soaking rain Wednesday night, which will prove very beneficial to the oat crop and pasturage in general.

This remedy is called **Rexall Orderlies**.

They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at anytime without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. The average girl hasn't much use for a man who fails to mns her hair occasionally!

It's The World's Best.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum. For Sore Eyes, Cold Sores, Chapped Hands, or Sprains, it's supreme. Infalible for Piles. Only 25c at W. H. Windrow's.

Make This Test
How to Tell if Your Hair is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store, F. H. Falkenberg.

Frequently a man makes a shoe-less attempt to get up stairs after midnight, without awakening his wife!

A Pleasant Dance.

The young folks enjoyed a nice dance Friday, Oct. 21, at the home of Mr. F. Mussmann. Those present were: Mr. and Mrs. Wm. Mussmann and children, Mr. and Mrs. Hy. Mussmann and children, Mr. and Mrs. Hy. Senne and children, Mr. and Mrs. Albert Burell and family, Mr. and Mrs. Otto Burell, Mr. and Mrs. Emil Biry and family, Mr. and Mrs. Emil Neumann and family, Mr. and Mrs. Johnnie Neumann and family, Mr. and Mrs. Ed Breiten and family, Mr. Jack Bilhartz and children, Misses Louisa and Justina Mussmann, Mattie Burell, Laura Irene Bilhartz, and Minnie Heiligmann. Messrs. Louis, Henry and Frank Biry, Frank Neumann, Joe Renken, Chas. Heiligmann, Oscar Bilhartz, Edwin Bendele, Henry Loesberg and also Mr. Beer. At 12 o'clock coffee and cake were served. Dancing was kept up until 4 o'clock when the sweet strains of "Home, Sweet Home" were played and all departed for their homes wishing another such good time. One of the Crowd.

Capt. Bogardus again hits the Bull's Eye.

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." W. H. Windrow.

Flat dwellings and other features of our modern civilization are, according to some experts, driving us all insane. A young man is on trial now on the charge, that he has slipped a mental eccentric and the principal evidence against him appears to be, that he reads poetry!

Messrs. Ridgill and Burns.

Thousands of people have stomach trouble, constipation, indigestion, sick headache, etc., and don't know what to do for it. Perhaps the experience of Mr. Ridgill, postmaster at Bruceville, Tex., and Mr. Burns, Wabash R. R. engineer, Bement, Ill., will suggest a method. Both of these men take pleasure in saying that they cured themselves with Dr. Caldwell's Syrup Pepsin. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

It is claimed that the scheme to place a tax on bachelors was devised by a woman. We knew it. Whenever a man is forced into matrimony, there always is a woman at the bottom of it!

Can't Learn In School.

When the stomach is out of order or the bowels constipated, a feeling of drowsiness and inactivity comes over the body. The brain won't think and the body won't work. If it is a child who suffers in this way, it naturally can't learn well in school, as it has no inclination for study. Give the child a dose of Dr. Caldwell's Syrup Pepsin and you will soon find it wonderfully improved and ultimately cured. It is guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

If every river was overflowing with milk, every field filled with genuine honey, and every barn stacked with 'sauerkraut' and beer, still many would complain and howl about hard times!

More Than Enough is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. There's a Difference—

No counterfeit has ever produced a perfect dollar bill. No imitator has ever equalled Parke, Davis & Co.'s quality.

Divide men into classes—druggists, physicians, preachers, manufacturers, etc. Would any man anywhere under the sun be guilty of saying that all druggists are alike, all physicians alike, all preachers alike, or that all manufacturers are alike? Just as there is a difference in men so is there a difference in the medicines made by different manufacturers. For years, in practically all our Prescriptions, we have been dispensing preparations manufactured by Parke, Davis & Co., of Detroit, acknowledged to have the largest and best equipped laboratories in the world for the scientific preparation of high-grade pharmaceuticals. This is one of the main reasons why Doctors prefer to have us fill their prescriptions, because there is no guess-work about Parke, Davis & Co.'s remedies, they are always the same—always the best. And the nice thing about it is—they cost no more than inferior makes. Try us once and you will come again.

BIG SHOW

COMING

Feature Plays.

Excellent Company.

The management of the Hondo Auditorium beg to announce the coming engagement for two nights, commencing Wednesday, November 2nd, of Marie Nielsen Company.

This Company comes with the best references and carries the most gorgeous lot of scenery of any troupe playing the summer theaters. The opening bill here will be "A Gambler's Sweetheart," and the scenic effects of this play is alone worth the price of admission.

The Tyler Post says of the company: "The capacity of the Airdome was taxed last night to witness the opening performance of Marie Nielsen and company, and to say the audience enjoyed it is putting it mildly. The verdict could be easily seen on the smiling faces of the audience as they left the Airdome last night. Miss Nielsen as Bet, a comedy role, was at her best. She handled the part delightfully. Mr. Gilbo, as the Gambler, also gave a finished performance. The rest of the company were well up to the standard and the performance was a good one from start to finish. The scenic display was gorgeous, and in itself was well worth the price of admission. The vaudeville between acts was pleasing and different from the general run of repertoire vaudeville."

Miss Nielsen is said to have the best repertoire show now in the state of Texas. This is Miss Nielsen's sixth year in the state of Texas without leaving the state—a record which can not be duplicated by any other company.

Miss Nielsen brings with her a big company of excellent actors and actresses. Also a fine line of vaudeville specialties between acts. Prices 25c, 50c and 75c. Seats now on sale at Windrow's Drug Store.

COMPENSATION

Compensation is the term applied to the methods used to secure a uniformity of time in the varying temperatures to which a watch is exposed.

The cause of the error is the expansions and contractions of metals.

The South Bend Balance wheel is made of two metals of unequal expansion, so proportioned, one to the other, that the expansion and contraction is neutralized perfectly. A South Bend Watch keeps time in all temperatures, as well as in all positions.

Look Out.

Everybody knows that there is no statutory law compelling a man who voted in the primary election to keep his pledge to support the party's nominees. Everybody knows, likewise, that the obligation was voluntarily taken and that all honest men and good citizens will respect the obligation. It is only the criminal at heart who has to be forced by statute to respect his obligations and perform his promised duty. The appeal being made by some would-be political leaders to the people to stultify themselves by repudiating their obligation made in the primary is not only a reflection upon the intelligence of the people but of their honesty as well, and should burn the brand of infamy upon any one who would appeal to such a low order of politics.—Hondo Anvil Herald.

Look a little out old man, because Andrew Jackson Houston has made the announcement publicly that he will get the vote of every minister of the gospel in Texas in the general election, with possibly one exception, and the exception will either leave his county on election day, or hold his nose if he votes. Since it is known, that the preachers were unusually active in the last primary, and of course most of them voted in said primary, Mr. Houston's evidence will have to be disposed of, or the editor of the Anvil Herald is up against it. For the interest we have in

the welfare of a member of the newspaper fraternity, we are hoping that Andrew Jackson was talking through his hat.—Austin Forum and Sifter.

Evidently Andrew Jackson has a very poor opinion of the honesty and integrity of the ministers. We have a better opinion of some of them than Mr. Houston seems to entertain.

We live largely by desire to live—when purpose ceases, life begins to shrivel. It may be a long time ere the end; but the process of decay begins with the loss of enthusiasm, hope, ambition. With the spirit dead, vital force soon follows. To acknowledge fear of failure, deficiency or lack of ability, or to harbor doubt in any degree, is to weaken the very foundation of achievement. Success is born of effort, but is sired by confidence; even to admit that you are incompetent or inferior to those who have succeeded is to invite defeat. The world not only stands aside for the courageous man with a mission, and who, if he must, faces misfortune with a smile, but willingly helps him on to the end he seeks in more ways than one. Strength to do is not enough—there must be will to do, and confidence equal to any disappointment or disaster. What would the world be today if humanity had always bowed its head to passing opposition or disheartening overthrow? There are evil days for all at times, for so it seems, sorrow and suffering, blighted hopes, ruined faiths and desolate loves, making the muck and mire of hell while here, but the sun still shines—there are mountains to climb, sweet solace of success to attain and roses to pluck if we will, and life means so much.—Exchange.

Contentment is a very peaceful state of mind denoting satisfaction with completed effort. It is the beautiful accompaniment of old age meriting the commendation, "Well done thou good and faithful servant." In youth, however, it is an indication of retarded advancement, for to be content is to cease to strive, and only by struggle is growth maintained. The keynote of progress is dissatisfaction with present accomplishment. Cattle typify contentment in grazing upon what is to be found within their range, but to man greener fields always lie beyond. The difference is in man's possession of intellect above instinct. Varying degrees of progress are marked by corresponding grades of intelligence. The keener the desire to have, to know, or to understand, the greater the discontent and the stronger the determination to be satisfied, which as long as progress continues never happens. There is pleasurable gratification, yea, even contentment, at each step taken, but since there is no end to progress, contentment cannot remain contented without loss of purpose, while discontent, which fails as an incentive, is also utterly obstructive to advancement.—The Royal Neighbor.

If the liquor problem were divested of the silly sentimentalism that constitutes much of the stock in trade of those who make it their business to fight the traffic—at so much per fight—it would be greatly simplified. For instance, it is the abuse and not the use of alcoholic beverage from which flows its evils. Yet there are men who would have you believe that the taking of a drink is wrong, is a crime in fact, in itself. With such there is no reasoning. Some have even accused Christ of practicing a trick of deception when he converted water into wine that the pleasures of the marriage feast might not be marred. If men and women would realize that wine serves a useful purpose in the affairs of man when not abused and set themselves to mitigate the evils of its abuse and not to suppress its use there would be less fanaticism to contend with in this world.

AMUSEMENTS GRAND

FOR ENTERTAINING INTERNATIONAL FAIR VISITORS IN NOVEMBER.

BRAND NEW "PIKE"

Fireworks and Electrical Attractions. German Village—Wireless Demonstrations—Dazzling Spectacles—Free Vaudeville.

A glance at the amusement features offered by the San Antonio International Fair, Nov. 5-20, shows clearly that the management had its eye on the entertainment end of the great exposition and the importance of this end successfully carried out when the Pike attractions were booked.

Kline's shows, all new, and never before shown in this section of the country will occupy the midway spaces and cater to the attraction-loving public. These shows will run continuously day and night during the Fair, and the management feels safe in this contract if in no other.

Mr. Kline has operated amusement companies extensively for the last two decades, and it is his assertion that his aggregation of shows booked to appear at the Fair cannot be excelled at any cost. These shows will be in San Antonio on time, since communications say parts of the outfit have already been shipped.

A contract has been entered into with J. S. Gordon, representative of Paine's fireworks attractions, which will delight the evening and night crowds at the Fair grounds. This same concern dazzled the evening visitors to the Fair last year with the spectacular "Battle in the Clouds." The attraction offered this year is the very latest sensation in fireworks and electrical displays, called the "Last Days of Pompeii." The possibilities of such a theme outstrip the "Battle in the Clouds," according to Mr. Gordon. "The Last Days of Pompeii" will be given every evening during the Fair.

The German Village will be another new feature added to the attraction lists this year. The setting will be the Tyrolean Alps, in which will be placed all the German setting. The inhabitants will be the real Tyroleans, lately from the other side, all under the direction of Franz Raene. Mr. Raene, it will be remembered, built and operated the famous Swiss Village at the St. Louis World's Fair. The Tyroleans will be twelve in number, and their singing will be a feature of the German Village. Lovers of good yodeling and melodious Deutsche strains will be delighted with the German Village.

Mynam Johnson, a boy inventor, who has had much success in wireless control of electricity, has promised the Fair management many wondrous feats for the Fair—many of them bordering on the spectacular, and hence to be classed among the amusements and attractions. He will operate wireless telephone from aboard an airship, on a racing automobile and with different points of the grounds, thus keeping in touch with the aviator miles away in the sky or the chauffeur going around a track at a mile a minute. He promises to also operate boats on a pond, maneuvering them at will, discharging torpedoes and the like by means of wireless. His demonstrations will at least prove interesting to those inclined scientifically.

The musical attractions of the Fair will play an important part in pleasing the crowds. The two open-air concerts and programs given by the famous Zapadores Band of Mexico will be worth the going of many a mile to hear. Besides this there will be indoor music by bands and orchestras from foreign cities and local organizations. This year the musical department is one of the strongest of the exposition.

CITRUS FRUIT SHOWING.

Remarkable will be the showing of citrus fruits from the Coast Country at the San Antonio International Fair, November 5-20. Arrangements have been completed for one of the most exhaustive exhibits of these products ever shown in any fair or exposition. The men behind the exhibit are the men who have raised the fruits and are familiar with every phase of the work connected with the growing of these varieties.

Lemons, limes, oranges and grapefruit will be shown in quantities not excelled in any country. Several valuable prizes are offered by development companies and interested individuals for the best specimens of citrus fruits grown on the Coast Country and the Rio Grande Valley of Texas.

MILK, BUTTER AND CHEESE.

A feature of the San Antonio International Fair, November 5-20, will be the working dairy, which will be installed under the direction of J. L. Thomas, representative of the United States Agricultural Department in the dairy line. This working out and demonstration will be a school of instruction in dairying and will be conducted under Mr. Thomas' personal supervision along the most modern and approved lines, with the most up-to-date appliances for testing milk and butter. Interesting demonstrations will be made with cheese making, creamery operations and the handling of other by-products of milk.

Letter to Rev. W. W. Nunn.

HONDO, TEXAS.
Rev. Sir: Three churches in Baldwinville, N. Y., have had their first lesson in Devoe.

Messrs. Osterhout & Lockwood painted the Presbyterian parsonage; estimated 30 gallons; took 22.

Messrs. Slingerland and Shutter painted the Episcopal church; estimated 40 gallons; took 28.

Same painters painted the Catholic church; estimated 50 gallons; took 39.

Of course, they estimated from what they had been using. The saving in paint and work is \$4 or \$5 a gallon. Total saving on three jobs \$125 to \$150—the painting costs two or three times as much as the paint, you know.

Yours truly,

Herewith we present a sample of the official ballot as it will be used in the election of November 8th. Study it carefully, learn to pick out the men you want to vote for at sight and to scratch all of the rest and you will have no trouble in casting your vote. Don't forget to scratch "For" or "Against" the Amendment at the bottom of the ballot else your vote will not count either for or against it. Don't take this sample with you to the polls, as that would violate the law, but study it until it is fixed clearly in your mind and you will make no mistake.

For Amendment

Against Amendment

Amendment to Section 51, Article 3, of the Constitution of the State of Texas, providing that said Section shall hereafter read as follows: "Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, associations of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent and disabled Confederate soldiers and sailors who came to Texas prior to January 1, 1880, and who are either over sixty years of age or whose disability is the proximate result of actual service in the Confederate army for a period of at least three months, their widows in indigent circumstances who have never remarried and who have been bona fide residents of the State of Texas since March 1, 1880, and who were married to such soldiers or sailors anterior to March 1, 1880; provided, said aid shall not exceed eight dollars per month, and provided further, that no appropriations shall ever be made for the purpose hereinbefore specified in excess of five hundred thousand (\$500,000) dollars for any one year. And also grant aid to the establishment and maintenance of a home, for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided by law; provided, the grant to aid said home shall not exceed one hundred and fifty thousand (\$150,000) dollars for any one year, and no inmate of said home shall be entitled to any other aid from the State; the Legislature may provide for husband and wife to remain together in the home; and provided further, that the provisions of this Section shall not be construed to prevent the grant of aid in case of public calamity."

Nice's Pumpkin Festival.

The pumpkin festival at Nice is one of those old world customs resented by popular sentiment from a gradual decay that was hastening towards oblivion. It is a celebration singularly unique, in that the wildest exuberance of spirit alternates with serious ceremonies, representations of art and prosaic business dealings—a celebration so quaint and so little like the usual productions of modern mankind that it leaves one with the impression of having witnessed a scene idealized upon the stage rather than an actual festival of the present practical age. Yet the pumpkin custom undoubtedly reflects the character and individuality of its practitioners, the inhabitants of Nice, whose deep religious instincts, innate refinement of feeling and intense love of the beautiful were the underlying forces which prompted them to revive a time-honored custom without the least trace of vulgar advertisement or sordid materialism to mar its perfect harmony.—Wide World Magazine.

Taking Exercise.

The worst error of exercise, the most dangerous foe of physical culture, is not to take enough of it, and to sneer at every form that does not bear the dollar mark. By one of these cynical poetic justices of nature the very men who denounce all physical culture and recreation as fads are those who pay the heaviest personal penalty for this delusion. They use the vigor that they have gained to chain themselves in dangerous offices or stress workrooms twelve or fourteen hours a day. They "feel fine" and are sure they are going to live to be 100; but one day, whose astonishment, a little artery, whose coat has been hardened for twenty years unnoted, becomes so brittle that it snaps suddenly and down they go with a stroke of paralysis, like a winged duck. It is never safe to jest at the gods, whether the imaginary ones of Olympus or the real ones of modern science.—Outing.

When O. Henry Lost Prestige.

Once, when exploring a factory district for story material, O. Henry invited a bright little girl to dine with him. She accepted on condition that she might bring a friend along. During dinner the writer sought to make his guests feel at ease by resting his English to the extent of using "hant" and "hadt" and a few other popular mutations of the mother tongue. He saw the little girl a few days later. "I was awful mortified that night," she said. "You spoke so ungrammatically before my lady friend!"—Success Magazine.

He Didn't Know Its Meaning, But—

"Once," said an old time actor, "I stood entranced in the wings while Charles Thorne was reading a Shakespearean speech. Curiously attracted by me, but admiration held me, I knew he couldn't study out the spiritual import of that speech, but he read it as I had never heard it read before. Its meaning was crystal clear. When he came off, for devilry I asked him as to the meaning of the speech. 'Why,' it means, said he, 'that.' A long pause. 'No, it's this way.' A still longer pause. 'Now, suppose—No, that doesn't just express it, and he went on tangling himself up. Finally he turned to go and said: 'I don't know what it means, but it's a damned fine speech.'"

Strange Words.

Dean Swift protested against "speculations, operations, preliminaries, ambassadors, paladins, communications, circumvolutions, battalions" as new-fangled expressions brought into common use by the war of his day. Today nearly all these are the most orthodox English. In his time "troub" seems commonly to have been written "trubb," and "phizz" also had the double consonant. Hence his complaint that "we cram one syllable and cut off the rest, as the owl fattened her mice after she had bit off their legs to prevent them from running away."

Had Babies Mixed.

While shopping in Shearwater, Pa., Mrs. Katie Dunslock of Central left her one-month-old daughter in a go-cart outside of a department store, and when, completing her purchases, began to push home a carriage wheel also apparently thought was left after traveling several squares. Mrs. Dunslock noticed her error and came so frantic that officers had to restrain her. A search was made throughout the town and with newspaper assistance the lost child was restored to the distracted mother.

FURNITURE

From Factory to Home at Factory Prices

We can save you more money on furniture this year than ever before and that means we can save you more money than anyone else can save you at home or elsewhere.

The largest, the best factories in this country supply us with furniture and we ship the goods to you at factory cost with just one small margin of profit added. This makes our prices just about the prices the average retailer pays when he buys from the wholesaler or manufacturer, because our quantity purchases are so large that in many cases we take the entire output of the factory, which gives us a price reduction that no one else can get. Our stocks are very large, our varieties are greater than in any other business, and our prices are unequalled. The manager of our furniture department, who has spent a lifetime in this business, is in close touch with the best makers, and as a result we offer you the newest patterns, the finest materials, the best possible cabinet work. Retail furniture dealers with their small sales and large expenses cannot begin to give you such values as we give you. Their methods of handling furniture make it necessary for them to ask more than our low prices on goods of equal quality. Then, too, they do not carry the complete stocks we show.

You can get anything for any room in the house from us, and at a price which you will be willing to pay. All furniture carefully packed with safe delivery guaranteed to your nearest railway station.

Furniture Catalogue Free

We have just printed a new furniture, carpet and rug catalogue showing our complete lines for 1910-11. All the newest things from all the best factories and wonderfully low priced. We have a copy of this book ready to mail to you and you can't afford to buy anything in the way of furniture, carpets, rugs, lace curtains or finishing goods of any sort until you have first written us a letter or a postal card and asked for a free copy of this book. From its pages you can buy as satisfactorily and much more economically than if you were to visit the largest furniture stores in the great cities. Every article is fully illustrated and accurately described, and with this book before you you can make a comparison of qualities, sizes, prices, etc., which will enable you to buy just what you want. Remember we guarantee our quality, we guarantee prompt service and that we will save you money over the usual retail prices. Fish Influenced by the Moon?

A recent report of the Scotch fishery board mentioned a curious habit which, according to fishermen, is associated with fish; the phases of the moon, it was asserted, have a very direct connection with the willingness of fish to be netted.

To test this theory statistics were obtained of the catch of herrings from 1860 to 1900, with the result that the biggest catches were found to have coincided with new moon and the smallest with full moon. The report suggested that a full moon enabled the nets to be seen much more easily than at the times of new moon or the crescent phase or that the tides, which vary with the lunar phases, were possible factors in the matter.—Westminster Gazette.

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. "You Can Fool All the People Part of the Time and Some People All the Time"

It is a very common occurrence for some piano dealers to advertise a lot of unknown makes, of unknown value, at prices that are supposed to effect a saving to the buyer, but eventually the unsophisticated discover that their supposed bargain was a rather expensive purchase.

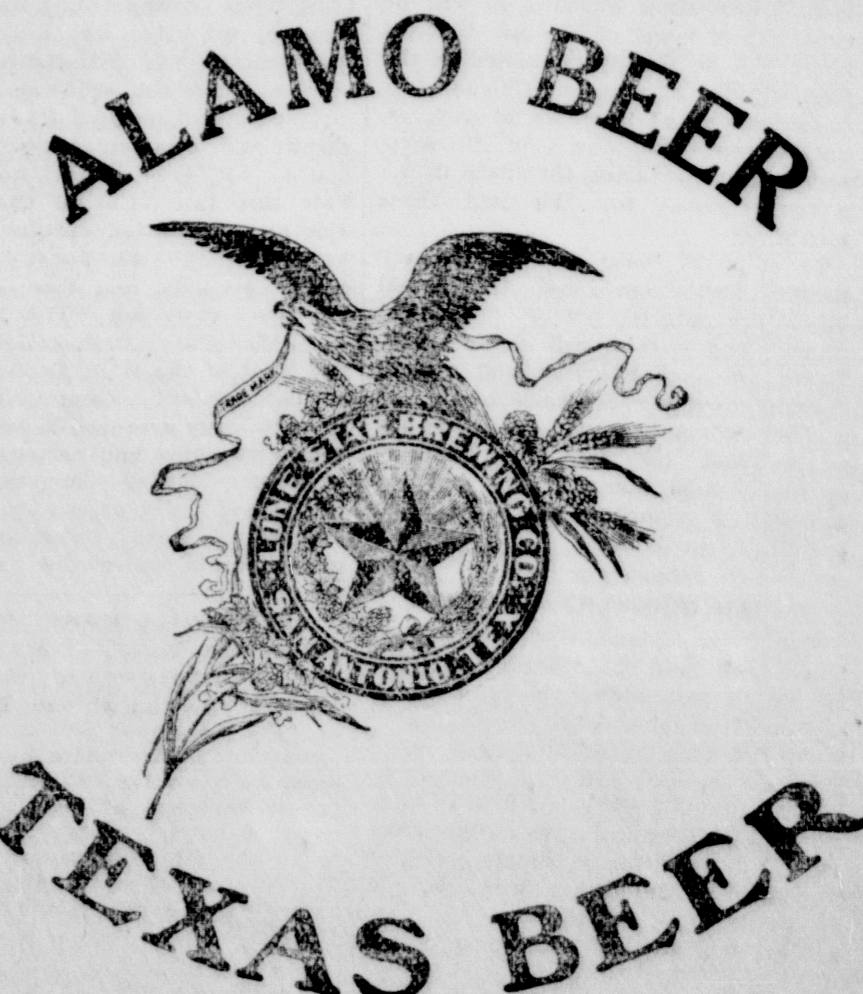

Our instruments are standard makes and priced in accordance with their intrinsic value. Every piano in our salesroom bears the guarantee of the maker in addition to our own. When you purchase a piano at this store you can depend on the quality and by reason of our one-price method you know positively that some other individual has not bought a similar instrument at a lesser cost.

The cultivated, the discriminating, the prominent, almost always use one of these makes:

MASON & HAMLIN, HARDMAN, BUSH & GERTS, HARRINGTON, HENSEL

The greater the pianist's ability, the more cultured the ear of the hearer, the higher will be the appreciation of the rich and colorful tones of these instruments. They embody a distinct individuality, bringing to the surface the best there is in composer and pianist alike. Our easy payment plan will enable you to use the piano while paying for it. Old instruments taken in exchange.

BLOOD STOCK

LIVE STOCK DEPARTMENT OF INTERNATIONAL FAIR WILL BE GREAT.

MANY HEREFORDS SHOWN

Showy Horses, Angora and Mohair Goats, Registered Swine Will Be Shown—Many prizes offered.

Prospects are for the best live stock department ever shown in the South. Month at the San Antonio International Fair. The Fair management has spared no pains in seeing that all sections of the stock-raising district of the State are represented, and the entry books show full barns, pens and sheds, and promise visitors to the Fair sights seldom seen even at exclusive live-stock expositions. Texas, because of her superior climate, cheaply grown feed products and natural range, is an ideal one for all sorts of stock raising, and has been considered such since time began. And there will be gathered at the Fair in November the cream de creme of the stock-raising industry. Fine horses, fine cattle, fine sheep, fine goats, fine swine—they will all be there.

The horses will be especially showy animals. During the Fair there will be four nights of horse show—the last four nights of the exposition—and at this show there will be the best in horse flesh in every possible class that can be procured in this country.

The cattle exhibits will be extensive, and more blooded cattle than ever before will be shown. This is especially true of the Herefords, which will come in large numbers from all sections. Many substantial awards will be made for blooded stock, and the outlook is for all manner of Herefords, Durhams, Poles, Jerseys and other breeds of cattle famous on the Texas ranges.

The sheep and wool raisers of Texas will make larger exhibits at this year's Fair than ever before. Owing to the high price of wool for the past few years, a large number of pure-bred sheep-breeding farms have been opened, with the result that excellent blooded animals will compete for the prizes at the Fair. San Antonio has long since been considered the big wool center of Texas, and the Wool Growers' Association of the State will meet in San Antonio during the Fair, which means the bringing here of scores of sheep and goat raisers.

What is true of the wool and sheep is also true of the increasing of the Angora goat and Mohair departments in the exhibits. Angora goat breeders have already engaged all possible barns for the display and exhibition of their animals. These exhibits will come from Bandera, Kerr, Kendall, Edwards and Edwards Counties. Many sheep and goats as well as other live stock are annually sold during the Fair by the breeders. This year will prove no exception, for many persons visit for the Fair exhibits before buying their fine blooded animals.

The new swine barns erected last year at the grounds will be taxed to their utmost capacity this year to hold the exceptionally large number of hogs which breeders from all parts wish to exhibit at the Fair. During the past two years swine have sold for more money than ever before, which has been an incentive to farmers to breed pure-blooded stock. The swine department of this year's Fair will be of great interest to all those directly or indirectly interested in this great and growing industry in Texas.

The poultry department will be bigger and better this year than in years past. O. L. McCord of Danville, Ill., an authority on poultry, who acted as judge last year at the International Fair and gave such satisfactory service, has been engaged by the Fair management this year to act in the same capacity. The poultry houses have been enlarged and several hundred dollars' worth of new coops installed to meet the crying demand for "more room." Communications from all portions of the country—many outside states—give the information that this year's poultry exhibit will far outstrip anything attempted in this section before. Prize-winning chickens from many other expositions will be entered and many of the pure-blooded fowls will be closely contested in the final winning of awards. Chicken fanciers as well as breeders of turkeys, ducks, geese and fowls of all sorts have been clamoring for space in the poultry houses for the last three weeks.

In each of these several departments of the live stock department there are offered prizes, premiums, awards and purses well worth while. There are money prizes and special awards from the Fair Association, and special silver loving cups, money prizes and trophies from outside sources—clubs, associations and organizations promoting the breeding of certain blooded stock.

PECAN GROWERS TO MEET.

The Pecan Growers' Association of Texas will hold their annual meeting in San Antonio during the International Fair, November 5-20. According to E. W. Kirkpatrick of McKinney, president of the association, extensive exhibits are being collected for the agricultural department. Substantial prizes will be offered for prize nuts, and it is expected numerous growers will compete. The delegates to the convention will number fifty or more.

A VERITABLE FLOWER GARDEN

is the San Antonio International Fair Grounds.

The Fair grounds are ready for the opening of the Fair. Workmen have completed all repairs and additions; the walks have been rejuvenated with gravel and cement, and all buildings have been overhauled and cleaned. Especial attention has been paid to the cleaning and disinfecting of the stables, barns and swine pens.

A striking display of flowers, vines, shrubs and ornamental trees and vegetation will greet the visitors to the Fair this fall. During the summer months just passed careful attention has been paid to the floral decorations of the grounds, and this care-taking has been rewarded. The Machinery Hall, Floral Department Building and the front of the Main Exposition Hall are covered with blooming vines, while in artistically arranged beds are roses, caryanthemums and carnations all in blossom. Potted flowers, century plants and different species of native ornamental Texas ferns and similar house plants adorn the park walks.

BEEES WILL MAKE MONEY.

The Bee Keepers' Association of Texas will have one of the finest exhibits at the San Antonio International Fair, November 5-20, it is possible to gather. Many prizes have been offered both for the exhibits of the different varieties of bees and for all sorts of honey. This exhibit will be under the direction and charge of W. T. Luther Manship At The Auditorium.

The second lecture of the Lyceum Course, under the auspices of the Hondo Mother's Club, was "From the Big House to the Cabin" by Hon. Luther Manship, Lieutenant Governor of Mississippi, at the Auditorium Thursday night. There was a fair attendance, despite the inclement weather, and it was safe to say every one enjoyed each moment of the hour and a quarter devoted to the lecture for there was not a dull line in the entire discourse.

Mr. Manship is a gifted orator and a polished rhetorician, and is equally at his ease reciting some masterpiece from the poets or impersonating some humorous character, like the Colorado Cowgirl, in which role the audience will vote him a success "despite his face".

But where he particularly shines is as a raconteur of negro dialect anecdotes, in which he touches every phase of human emotion. His tribute to the old time darkey, whose fidelity to the dependant ones of his master during the dark days of the Civil war finds no parallel in the annals of history, was as sublime as it is deserved; and his story of the old slave praying for the protection of his "missus" and the "chilluns" and "massa's" safe return from "de wah" was peculiarly touching.

The next attraction of this series will be a musical comedy company, The Neil Litchfield Trio, on the evening of December 5th.
